How It Works

This section provides an overview of the step-by-step process that our VIP Program follows, from program nomination to delivering funds. It outlines the key stages involved in selecting, collecting content, marketing, and ultimately supporting the nominated programs.

Program Nomination:

Nominations are submitted through our website nomination form, providing details about the program and its alignment with our mission and eligibility criteria.

Program Evaluation and Selection:

Our team carefully reviews the nominations, verifying the legitimacy of the programs and assessing their impact. Selected programs are chosen based on their alignment with our mission and the potential positive impact they can create.

Content Collection:

Once a program is selected, we collaborate with the program leaders to gather relevant content, including interviews, testimonials, and marketing materials. This content helps us create compelling campaigns to showcase the program's mission and impact.

Marketing and Campaign Preparation:

We develop a comprehensive marketing plan, leveraging various channels such as social media platforms, emails, podcasts, and videos. The goal is to raise awareness about the program, engage potential donors, and encourage support through prayer and financial contributions.

Campaign Launch and Promotion:

At the start of the campaigning month, we release the prepared marketing content, showcasing the program's story, impact, and specific prayer and financial needs. We engage with our contact list, GiverArmy members, and social media followers to maximize the campaign's reach and effectiveness.

Donation Collection and Processing:

Donors contribute to the campaign through our platform, GiveSendGo.com. We facilitate secure online donations, ensuring a seamless and convenient giving experience. Offline donations and donations through other payment processors are also accepted, subject to administration fees.

Funds Disbursement:

At the end of the campaign, all funds raised are directly disbursed to the selected program. We ensure transparent financial management and accountability, directing the funds to support the program's initiatives and positively impact the community.

Donor Communication and Impact Reporting:

We provide regular updates to donors, acknowledging their contributions and sharing the impact created by their support. Donors receive an impact report detailing the funds raised, how they were utilized, and expressing gratitude for their generosity.

Throughout the entire process, our aim is to facilitate meaningful connections between generous donors and impactful programs, enabling them to make a positive difference in communities around the world.

Policies

This section outlines the policies that govern our VIP Program, ensuring the protection of our organization and all parties involved in the nomination, selection, and fundraising processes.

Program Eligibility:

All nominated programs must meet the eligibility criteria specified by our organization, including being faith-based, connected to an official organization, and demonstrating a commitment to providing resources that benefit the local community.

Verification and Due Diligence:

We conduct thorough verification and due diligence on all nominated programs, reviewing their websites, social media outlets, and any available legal documents to ensure legitimacy and alignment with our mission. We also rely on relationships and communication with program leaders to establish trust.

Non-Guarantee of Funds:

While we strive to support nominated programs through our VIP Campaigns, we cannot guarantee that every program will receive funds. The selection of programs to receive grants is ultimately determined by our organization and based on factors such as program alignment, impact potential, and available resources.

Non-Refundable Donations:

All donations made to our VIP Program are non-refundable. Once a donation is received, it is considered final and will be allocated to the nominated program or redirected to another GiverArmy Charitable Cause if necessary.

Financial Administration Fees:

Offline donations or donations made through payment processors other than GiveSendGo.com may be subject to a potential 3% administration fee. This fee covers the additional administrative work required to process these types of donations.

Currency Exchange Adjustment Fee:

Donations made in currencies different from our organization's currency may be subject to a 5% currency exchange adjustment fee. This fee helps offset any potential currency exchange fluctuations and ensures that the funds reach the nominated program in their intended currency.

Transparent Financial Management:

We prioritize transparent financial management, ensuring that funds raised during the campaign are disbursed directly to the selected program. We maintain accurate financial records and provide reports to donors, detailing the utilization of funds and the impact achieved.

Privacy and Data Protection:

We respect the privacy of all individuals involved in the VIP Program. Personal information collected during the nomination and donation processes is handled in accordance with our organization's privacy policy and applicable data protection laws.
